IN-HOME ACADEMIC COACHING FOR EXECUTIVE FUNCTIONING SKILLS

ILLUMINOS is an academic coaching company for students in 3rd to 12th grade. We support and build upon the work of educators by providing students, including those managing learning differences, with in-home sessions based on our flagship Executive Function curriculum.

Because our approach is individualized and holistic, we complete the “circle of support” – we work with families, teachers and school administrators to enable students to achieve improvements in their academics, emotional well-being, independence and social skills.

We Teach Students EF Skills

BUILDING A STRONG FOUNDATION

Our program emphasizes emotional intelligence and empowers students with Executive Functioning (EF) tools so they can be more responsible, invested, and rewarded for their own success. Students learn to:

- ▶ Organize
- ▶ Plan & Prioritize
- ▶ Take Essential Notes
- ▶ Study Effectively
- ▶ Communicate Clearly
- ▶ Self-Advocate

Through targeted practice, our students, even those with learning differences (e.g., ADHD, dyslexia, and processing disorders), experience measurable results.

“ILLUMINOS TRANSFORMED MY DAUGHTER!

OUR DAUGHTER'S COACH IS A ROCK STAR WHO HAS CONNECTED WITH HER IN A WAY THAT HAS IMPROVED HER STUDY SKILLS AND ACADEMIC PERFORMANCE WITHOUT MAKING HER MISERABLE. THEY ARE COMMITTED TO HELPING EVERYONE IN OUR FAMILY.

Why Choose Illuminos?

A DIFFERENT APPROACH TO TUTORING

Each student has unique needs – we understand that. Our onboarding process starts with an in-home assessment. We use this time to really get to know you and your child so we can match you with the best-fitting coach. Your experienced coach personalizes the curriculum, reports progress and can collaborate with teachers and others in the child's "circle of support."
